## **VHA and RemitDATA Announce Agreement to Deliver Revenue Cycle Management Services to its Non-Acute Members.**

*National health care alliance members utilize RemitDATA to accelerate cash flow and enhance operational efficiencies*

MEMPHIS, TN – (June 3, 2009) – RemitDATA, Inc., a leading provider of web-based productivity tools and benchmarking to the outpatient healthcare market, today announced a multi-year agreement with VHA, the national healthcare alliance, to optimize reimbursement and operational efficiencies for its 23,000+ non-acute care members nationwide.

Using RemitDATA's tools, [Reimbursement PRO™](#) and WebScan PRO™, VHA's non-acute members can improve and simplify their reimbursement and business operations by reducing denials, accelerating cash flow and enhancing work flow processes. In addition, the aggregated payer data collected via Reimbursement PRO™ will provide VHA members with real-time payer benchmarks to make the most informed decisions to enhance their practice's profitability.

"In today's economic climate, providers need to work smarter not harder. At VHA, we are committed to providing our members with first-class solutions for optimal efficiency. We selected RemitDATA as a service provider for our non-acute members because its solutions are

proven in the marketplace to provide an immediate impact on reimbursement inefficiencies and staff productivity,” said Kerry Stark, senior director, revenue cycle management.

“More and more providers are looking to cost-effective, web-based solutions like RemitDATA to increase their cash flow, enhance staff productivity and, more importantly, provide key business metrics to elevate overall performance, “said Michael Sanderson, president of RemitDATA.

“This partnership will provide the necessary reimbursement and document management tools needed to help them streamline their operations and help them get what’s coming to them-more of their cash.”
